

HOW IT WORKS · 2026

Get your business seen by **real people.**

A video-advertising community where members put their videos in front of each other — and build something together along the way.

● Free to join

● Real, verified views

● Paid in USDT

WHAT IT IS

Advertising that people actually watch.

Most online ads get scrolled past. On AdvantageLife, your video is shown to real members who choose to watch it — every view is a person, counted only after they've watched.

Your video, seen

Pick a package and your business video runs until it has been watched a set number of times — from 1,000 views up to 120,000.

Daily Watch

Members watch a few videos a day. It's how every ad gets real attention — and it keeps you active in the community.

Your weekly showcase

A public page of this week's member videos, with your name on it, to share on social media — no sign-up needed to watch.

Meet Alice, your AI advisor

Alice shows you your next step every day, writes you a ready-to-post message for social media, and answers your visitors' questions on your page — around the clock.

GETTING STARTED

Four simple steps.

No experience needed. Everything works from your phone.

**Join free**

Create your account in a minute. No card, nothing to pay to look around.

**Choose a package and add your video**

Paste a YouTube or Vimeo link. Your ad goes live and starts collecting real views.

**Do your daily watch**

Between one and five short videos a day, depending on your package. It keeps you qualified — with a 48-hour grace window.

**Share once a week**

Post your weekly showcase link on social media. Alice gives you a ready-made post each day to make it easy.

That's the whole routine. Everything else — your team, your sales, your stats — lives on your dashboard, one tap away.

THE PACKAGES

Nine packages. One for every budget.

Each package is a real video-advertising campaign: a set number of verified human views delivered to your ad. Bigger packages run more video ads at once.

PACKAGE	PRICE	VIEWS DELIVERED	VIDEO ADS	DAILY WATCH
Launchpad	\$10	1,000	2	1 a day
Starter	\$20	2,000	2	1 a day
Builder	\$50	4,000	2	2 a day
Pro	\$100	8,000	4	2 a day
Advanced	\$200	15,000	4	3 a day
Premium	\$400	30,000	4	3 a day
Elite	\$600	50,000	6	4 a day
Master	\$800	80,000	6	4 a day
Champion	\$1,000	120,000	6	5 a day

When the views are delivered

Your campaign completes, then has a grace window. Activate a new package any time to keep advertising.

Your watch follows your biggest package

Own several? Your daily watch is set by the largest one you hold.

WAY TO EARN · 1

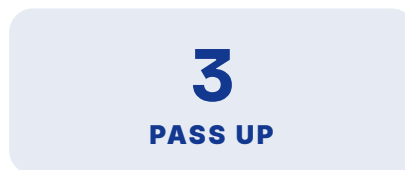

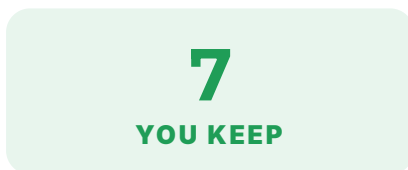

Peer-to-peer: paid member to member.

When someone you introduce activates a package, they pay you directly — wallet to wallet. The platform never holds your money.

Your first 11 sales

● You keep ● Passes up ● Platform

Once, ever

Your 3rd sale goes to the company; your 6th, 9th and 11th pass up. It happens once over your whole time on the platform. After your 11th sale, every sale is yours — buying a new package never resets anything.

Pass-ups build your team

A passed-up sale goes to the first qualified member above. And when a sale passes up to you, that member's own pass-ups follow it to you too — with no limit on depth.

WAY TO EARN · 2

The Matrix: earn five levels deep.

Each package level has its own matrix — three wide, five levels deep. When someone in your matrix activates that same package, the price is shared across the five levels above them.

Spillover

People you introduce fill it — plus spillover: when a member above you has a full first row, their new people drop into open places further down.

Paid weekly

Matrix commissions are paid out every week in USDT to your wallet.

Earn in a tier

Hold an active package at that level and keep up your daily watch.

Example, \$10 Launchpad: a filled position on levels 1–4 pays **\$1.50**, and on level 5 pays **\$2.00** — each time that position's member activates the package. These are rates, not predictions: how much fills depends on real people joining.

INCOME POTENTIAL

What the plan pays — worked examples.

Straight arithmetic from the plan, so you can see how it adds up. Examples, not predictions: they assume you're qualified on every sale.

Peer-to-peer: what you keep from your own sales

SALES YOU MAKE	SALES YOU KEEP	AT \$50 (BUILDER)	AT \$200 (ADVANCED)
5	4	\$200	\$800
11	7	\$350	\$1,400
20	16	\$800	\$3,200
50	46	\$2,300	\$9,200

Plus every pass-up that reaches you from your team — each one pays the full package price. Those depend on your team, so they aren't counted here.

Matrix: the 7-position mark

105%

Seven filled positions on levels 1–4 pay $7 \times 15\%$ — more than the package costs, on every package. On the \$10 Launchpad that's \$10.50.

Matrix: a completely full matrix

\$10 Launchpad	\$666
\$100 Pro	\$6,660
\$1,000 Champion	\$66,600

All 363 positions filled, each activating once. A ceiling, not a target — most matrices never fill completely.

Please read: these figures show how the plan calculates, not what anyone will earn. Real results depend on the sales you make, the people who join your team, and staying qualified. No income is promised or guaranteed.

PLAYING FAIR

Simple rules that keep it fair for everyone.

To receive a peer-to-peer sale or a pass-up, four things need to be true. Miss one and the sale simply moves to the next qualified member above — it's never lost.

01**Own that package level**

You earn on a sale at a level you own, or below.

02**Do your daily watch**

With a 48-hour grace window, so time zones never catch you out.

03**Share once a week**

Post your showcase within each 7 days. New advertisers get a week's grace.

04**Add a payout wallet**

So buyers and payouts always know where to send your money.

The honest part

AdvantageLife is an advertising platform first. Nothing in this guide is a promise or prediction of income. What any member earns depends on their own effort, the people they introduce, and their team — and many members earn little or nothing. Only spend what you're comfortable spending on advertising your business. Full terms and the income disclosure are at advantagelife.club.
